

BATTERY ENERGY STORAGE SYSTEMS

Reliable storage solutions for a sustainable future.

SOLAR EPC SOLUTIONS

End-to-end solar engineering, procurement and construction.

ENERGY MANAGEMENT

Intelligent monitoring and optimization for maximum efficiency.

ENGINEERING & EPC SOLUTIONS

Complete engineering, procurement and construction services.

ENGINEERING RELIABLE ENERGY.

BUILDING INTELLIGENT INFRASTRUCTURE.

ENGINEERING ENERGY. POWERING PROGRESS.

ABOUT ARKVOLT

Delivering advanced Battery Energy Storage Systems, Solar EPC Solutions, Renewable Energy Integration, and intelligent energy infrastructure for industries, businesses, utilities, and government organizations.

Arkvolt Energy Private Limited is an engineering-led energy technology company delivering reliable, sustainable and intelligent energy solutions for industries, businesses, utilities and government organizations.

Through our partnership with T-0, we integrate energy engineering with advanced software, automation and data-driven intelligence to build energy infrastructure that is efficient, dependable and built for the long term.

OUR VISION

To a leading force in building a sustainable energy future through innovation, engineering excellence and intelligent technology.

OUR MISSION

To deliver integrated energy solutions with uncompromising quality, foster technological innovation, and contribute to India's transition towards a clean and smart energy future.

OUR VALUES

- Integrity
- Engineering Excellence
- Innovation
- Sustainability
- Customer Commitment

OUR APPROACH

We combine engineering discipline, advanced technology and a customer-centric approach to design and energy solutions that create long-term value.

OUR CORE SOLUTIONS

Integrated energy solutions engineered for performance, reliability and sustainability.

BATTERY ENERGY STORAGE SYSTEMS

Advanced BESS solutions for commercial, industrial and public-scale applications.

SOLAR EPC SOLUTIONS

End-to-end solar project excellence from design and engineering to commissioning.

RENEWABLE ENERGY INTEGRATION

Seamless integration of renewable technologies, storage and digital systems, with higher efficiency and stability.

OUR CORE SOLUTIONS

Integrated energy solutions engineered for performance, reliability and sustainability.

ENERGY MANAGEMENT SYSTEMS (EMS)

Real-time monitoring and optimization for energy efficiency management.

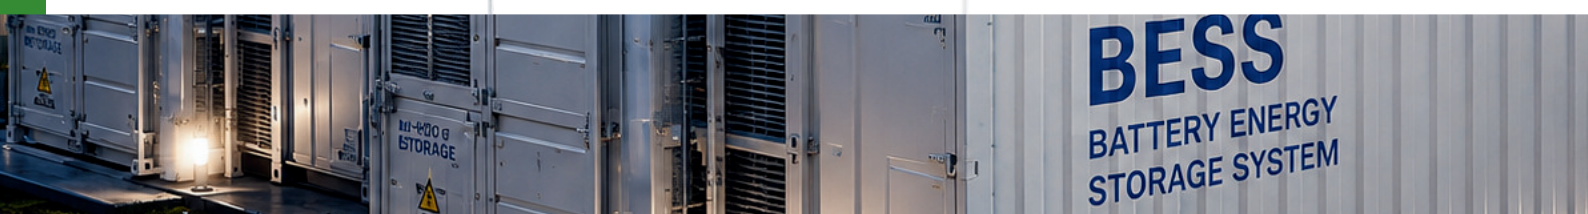

POWER CONVERSION SYSTEMS (PCS)

High-performance power conversion solutions for energy management.

ENGINEERING, PROCUREMENT & CONSTRUCTION (IEC)

Complete EPC services from engineering and procurement to installation and support.

INDUSTRIES

POWERING EVERY SECTOR.

ARKVOLT delivers reliable and intelligent energy solutions for a wide range of industries and critical infrastructure.

INDUSTRIES WE SERVE

**MANUFACTURING
& INDUSTRIAL**

**COMMERCIAL
BUILDINGS**

**UTILITIES &
DISCOMS**

**GOVERNMENT
PROJECTS**

**DATA CENTRES &
IT PARKS**

**HEALTHCARE
FACILITIES**

**EDUCATIONAL
INSTITUTIONS**

**TELECOM &
NETWORKS**

**LOGISTICS &
WAREHOUSING**

**SMART CITIES &
INFRASTRUCTURE**

**RENEWABLE
ENERGY
DEVELOPERS**

**INDUSTRIAL
AUTOMATION**

WHY CHOOSE US?

Engineering-driven project delivery

Customized solutions built around operational needs

Integrated energy & technology capabilities with T-O

Experienced technical & engineering teams

Structured, reliable project execution

Customer-focused engagement at every project stage

Long-term service & maintenance support

Commitment to sustainable energy practices

OUR VISION

To become a leading force in delivering intelligent, sustainable, and reliable energy infrastructure through engineering excellence and technological innovation.

OUR MISSION

To provide integrated energy solutions that combine engineering expertise, renewable technologies, and digital innovation while supporting India's transition toward a cleaner and smarter energy future.

ARKVOLT ENTREPRENEURSHIP & INNOVATION INCUBATION CENTRE

Supporting innovators, startups, entrepreneurs, and researchers through structured incubation, mentorship, business development, and industry collaboration.

INNOVATION THAT DRIVES IMPACT

We combine engineering expertise with emerging technologies to build smarter, more efficient, and future-ready energy systems.

- Research & Development
- Artificial Intelligence
- IoT & Smart Monitoring
- Industrial Software
- Prototype Development
- Technology Partnerships

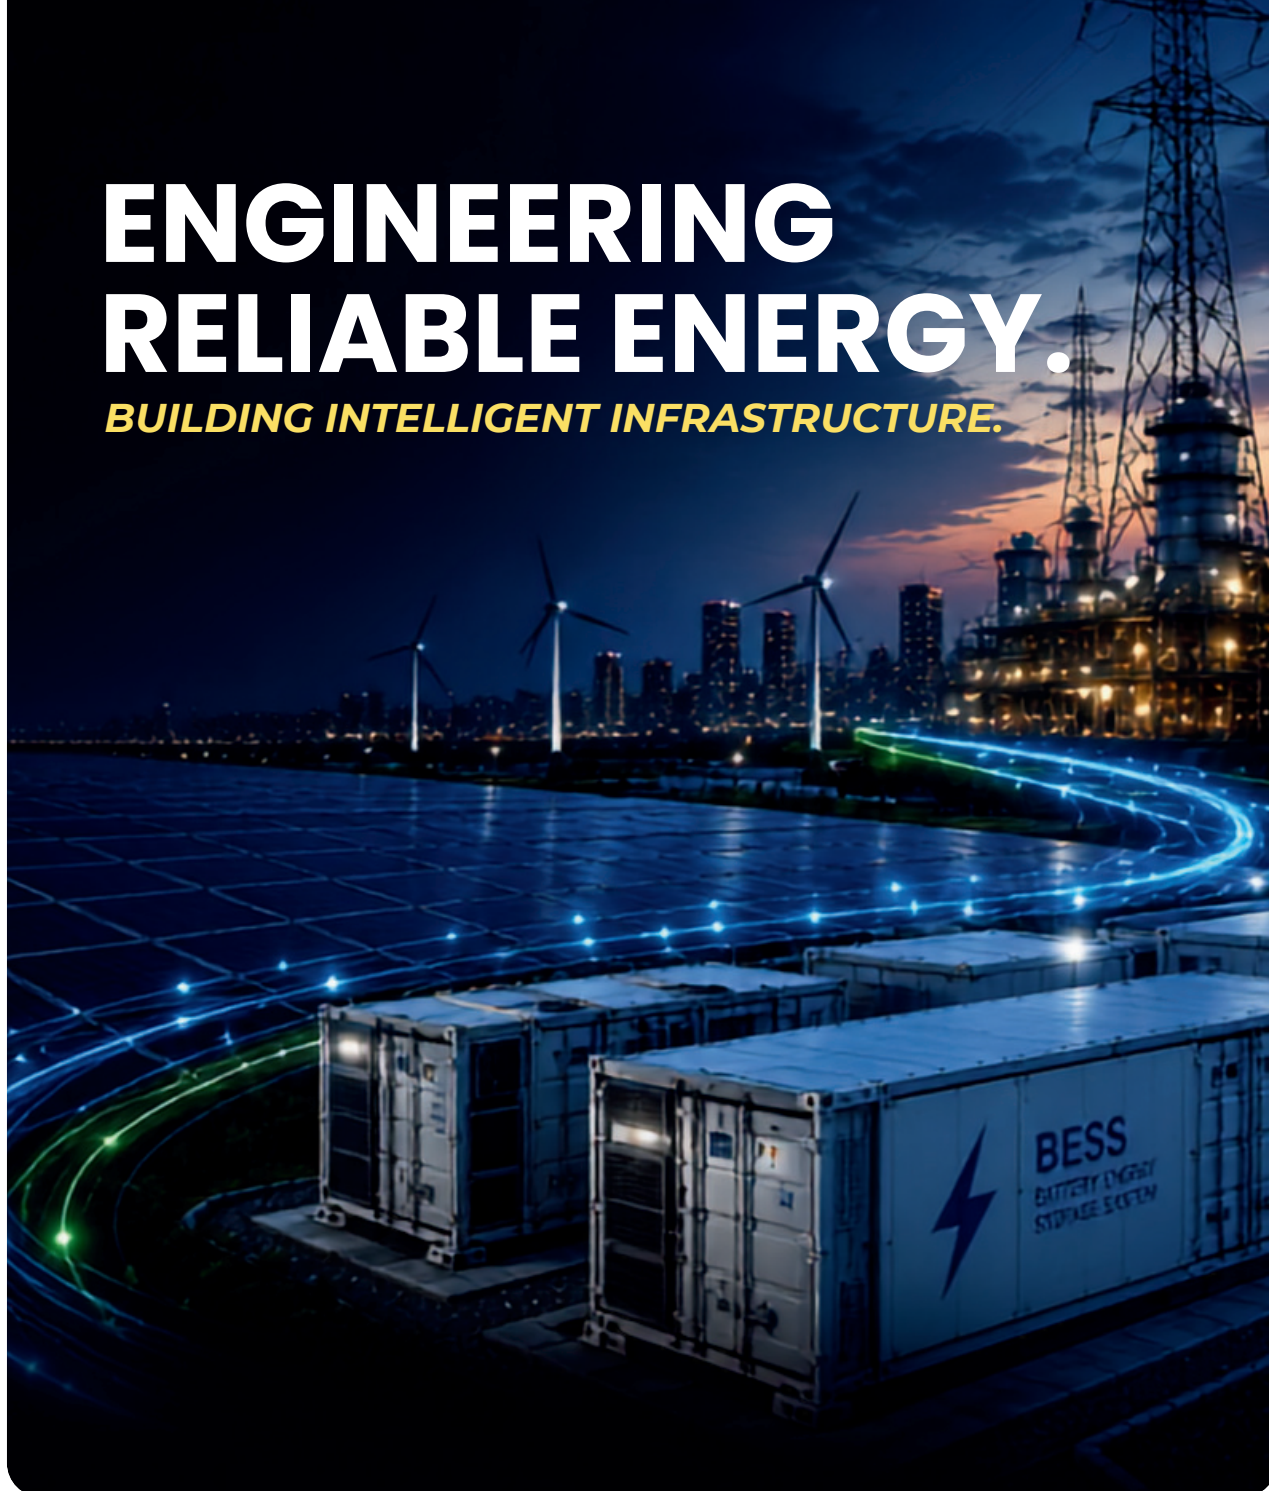

STRATEGIC PARTNERS

ENGINEERING RELIABLE ENERGY.

BUILDING INTELLIGENT INFRASTRUCTURE.
