

ENGINEERING RELIABLE ENERGY. BUILDING INTELLIGENT INFRASTRUCTURE.

Arkvolt Energy Pvt. Ltd. delivers sustainable and intelligent energy solutions through engineering excellence, advanced technology and a commitment to a cleaner, smarter tomorrow.

OUR CORE SOLUTIONS:

BATTERY ENERGY STORAGE SYSTEMS

Reliable storage solutions for commercial, industrial and public-scale applications.

SOLAR EPC SOLUTIONS

End-to-end solar engineering, procurement and construction.

ENERGY MANAGEMENT

Intelligent monitoring and optimization for maximum efficiency.

ENGINEERING & EPC SOLUTIONS

Complete engineering, procurement and construction services

INTEGRATED ENERGY SOLUTIONS

Engineered for performance, reliability & sustainability.

POWERING PROGRESS. SUSTAINING TOMORROW.

ABOUT ARKVOLT

Arkvolt Energy Private Limited is an engineering-led energy technology company delivering reliable, sustainable and intelligent energy solutions for industries, businesses, utilities and government organizations.

Through our partnership with T-0, we integrate energy engineering with advanced software, automation and data-driven intelligence to build energy infrastructure that is efficient, dependable and built for the long term.

OUR CORE SOLUTIONS

BATTERY ENERGY STORAGE SYSTEMS Advanced BESS

solutions for commercial, industrial and public-scale applications.

SOLAR EPC SOLUTIONS

End-to-end solar project excellence from design and engineering to commissioning.

RENEWABLE ENERGY INTEGRATION

Seamless integration of renewable technologies, storage and digital systems, with higher efficiency and stability.

OUR INDUSTRIES

MANUFACTURING & INDUSTRIAL

COMMERCIAL BUILDINGS

UTILITIES & DISCOMS

GOVERNMENT PROJECTS

DATA CENTRES & IT PARKS

HEALTHCARE FACILITIES

EDUCATIONAL INSTITUTIONS

TELECOM & NETWORKS

LOGISTICS & WAREHOUSE

SMART CITIES & INFRASTRUCTURE

OUR VISION

To become a leading force in delivering intelligent, sustainable, and reliable energy infrastructure through engineering excellence and technological innovation.

OUR MISSION

To provide integrated energy solutions that combine engineering expertise, renewable technologies, and digital innovation while supporting India's transition toward a cleaner and smarter energy future.
